

## Reports of Investigation

- Foetal responses to acute haemorrhage under halothane anaesthesia. *B.Y. Ong, R. Yarnell, W.A. Tweed, D.S. Sitar* **123**
- Dantrolene. *In vitro* studies in malignant hyperthermia susceptible (MHS) and normal skeletal muscle. *B.A. Britt, E. Scott, W. Frodis, M.J. Clements, L. Endrenyi* **130**
- Influence of laryngoscope design on heart rate and rhythm changes during intubation. *D.A. Cozanitis, K. Nuutila, J.D. Merrett, R. Kala* **155**
- Role of renin-angiotensin system in cardio-pulmonary bypass hypertension. *G.E. Townsend, J.E. Wynands, D.G. Whalley, P. Wong, D.R. Bevan* **160**
- Interférence hémodynamique entre le diltiazem et le thiopental – Etude expérimentale chez le porc. *M. Pierrot, M. Blaise, S. Hugon, F. Bonnel, M. Cupa* **166**
- The effect of nitrous oxide on the oxyhaemoglobin dissociation curve. *L. Fournier, D. Major* **173**
- Review Article**
- Anaesthesia and emesis I: Etiology. *M.G.A. Palazzo, L. Strunin* **178**
- Clinical Reports**
- The use of cervical epidural nerve blocks in the management of chronic head and neck pain. *R.F.H. Catchlove, R. Braha* **188**
- Myocardial infarction following regional anaesthesia for carotid endarterectomy. *D.S. Prough, P.E. Scuderi, E. Stullken, C.H. Davis* **192**
- Postoperative unilateral facial oedema. A complication of acute flexion of the neck. *C.A. Munshi, M.S. Dhamee, S.K. Gandhi* **197**
- Continuous *in vivo* monitoring of arterial oxygen tension in a patient treated with bleomycin. *D.C. Oxorn, D.C. Chung, A.M. Lam* **200**

- Phentolamine en perfusion continue dans le traitement d'une hypertension artérielle sévère associée à un neuroblastome. *L. Champoux, M. Gauthier* **206**
- Cardiorespiratory arrest with laryngeal oedema in pregnancy-induced hypertension. *H.A.T. Hein* **210**
- Patient care problems in patients undergoing re-operation for coronary artery grafting surgery. *C. Brummett, J.G. Reves, W.A. Lell, L.R. Smith* **213**

## Continuing Medical Education Section

- Hypertension in anaesthesia. *D. Reid, A. Aylmer* **222**
- Self-assessment questions **231**
- Abstracts from the literature **232**
- Book Reviews** **234**
- Correspondence**
- Pharmacokinetics in anaesthesia. *R.J. Hudson* **235**
- Pharmacokinetics in anaesthesia (reply). *J.A. Moffatt, B. Milne* **235**
- Anaesthesia for radiotherapy. *H. Smith* **236**
- Packaging of single dose vials of local anaesthetics. *R.M. Gardner* **236**
- Anévrisme après canulation de l'artère radiale. *M. Marcillon, G. Ocelli, R.M. Prunetta, C. Marcotte, P. Maestracci* **237**
- Meetings** **xxxvii**
