

Reports of Investigation

- Vecuronium in renal failure. *D.R. Bevan, F. Donati, H. Gyasi, A. Williams* 491
- A comparison of pretreatment regimens for minimizing the haemodynamic response to blind nasotracheal intubation. *M.L. Hartigan, J.L. Cleary, J.B. Gross, D.W. Schaffer* 497
- The effect of subarachnoid epinephrine and phenylephrine on spinal cord blood flow. *R. Kozody, R.J. Palahniuk, J.G. Wade, M.O. Cumming, W.R. Pucci* 503
- Hormonal and haemodynamic responses to upper abdominal surgery during isoflurane and balanced anaesthesia. *S. Gelman, J.E. Rivas, H. Erdemir, S. Oparil, J. Proctor, T. MacKrell, L. Smith* 509
- Clinical experience with alfentanil for induction of anaesthesia; a comparison with thiopentone. *M.G.A. Palazzo, S. Taylor, L. Strunin* 517
- The value of nuclear angiography in the preoperative assessment of patients undergoing elective aortic surgery. *W.N. Gallacher, J. Goldberg, P. Houston, M. Druck, S. Dunnington* 523
- The search for an optimal interval between pretreatment dose of d-tubocurarine and succinylcholine. *J.C. Horrow, D.H. Lambert* 528
- Haemodynamic changes and circulating histamine concentrations following protamine administration to patients and dogs. *R.K. Stoelting, D.P. Henry, K.M. Verburg, R.L. McCammon, R.D. King, J.W. Brown* 534

Review Article

- Electroconvulsive therapy – physiological and anaesthetic considerations. *R.J. Marks* 541

Clinical Reports

- Subarachnoid and epidural anaesthesia for patients with epidermolysis bullosa. *F.J. Spielman, E.S. Mann* 549
- Isolated regional perfusion; anaesthetic technique, monitoring and blood replacement. *M.E. Goldberg, H.M. Rosenblum, J.S. Seltzer, F.E. Rosato* 552
- Three per cent 2-chloroprocaine for Caesarean section: appraisal of a standardized dose technique. *W.D.R. Writer, D.M. Dewan, F.M. James, III* 559
- Cranial nerve block after test dose through an epidural catheter in a pre-eclamptic parturient. *P.G. Fine, K.C. Wong* 565

Technical Communications

- Is it necessary to transport arterial blood samples on ice for pH and gas analysis? *A.A. Nanji, K.J. Whitlow* 568
- Cleaning of anaesthesia breathing circuits and tubings; a Canadian survey. *A.E. Barry, M.A. Noble, T.J. Marrie, I.J. Paterson* 572
- Internal mis-mating of breathing system components. *I.A. Sloan, N.K. Ironside* 576

Continuing Medical Education Section

- Drug interactions in anaesthesia: chronic antihypertensive therapy. *D.B. Craig, D. Bose* 580
- Self-assessment questions 589
- Abstracts from the literature 590

Book Reviews 592

- Correspondence
- Accidental epidural narcotic overdose. *R.J.S. Robinson, S. Lewis, M. Elliot* 594
- A simple wheel guard for anaesthetic gas machines. *M. Tousignant, S. Nadeau* 595
- Erratum 596
- News of the Society/Nouvelles de la Société Meetings xvii xxv
