Editorials			
Alarms in the operating room / Avertisseurs en salle d'opération <i>J.W.R. McIntyre</i>	951	A comparison of the myocardial metabolic and haemodynamic changes produced by propofol-sufentanil and enflurane-sufentanil anaesthesia for patients having coronary artery bypass graft surgery <i>R.I. Hall, J.T. Murphy, E.A. Moffitt, R. Landymore, P.T. Pollak, L. Poole</i>	996
Desflurane: the dawn of a new era? / Le desflurane: le debut d'une nouvelle génération? <i>J. Lerman</i>	954	Postoperative myocardial damage in patients with coronary artery disease undergoing major non cardiac surgery <i>R.D. Seegobin, F.C. Goodland, T.H. Wilmshurst, J. Johnston, C. Wainwright, J. Norman, N. Conway</i>	1005
<hr/>			
Reports of Investigation			
Perceived urgency and the anaesthetist: responses to common operating room monitor alarms <i>G.A. Finlay, A.J. Cohen</i>	958	Early postoperative myocardial morbidity in patients with coronary artery disease undergoing major non cardiac surgery: correlation with perioperative ischaemia <i>R.D. Seegobin, T.H. Wilmshurst, J. Johnston, F. Clewlow, A. Murrills, A.H. Seegobin, F. Goodland, C. Wainwright, J. Norman, N. Conway</i>	1012
Metabolism of desflurane and isoflurane to fluoride ion in surgical patients <i>R.M. Smiley, E. Ornstein, E.J. Pantuck, C.B. Pantuck, R.S. Matteo</i>	965	Metoclopramide does not increase the incidence of nausea and vomiting after alfentanil for outpatient anaesthesia <i>D.G. Whalley, S. Alhaddad, I. Khalil, W. Maurer, C. Furgerson</i>	1023
Metabolic and endocrine responses to surgery in children during caudal analgesia <i>T. Nakamura, M. Takasaki</i>	969	<hr/>	
Transcranial Doppler sonography: nitrous oxide and cerebral blood flow velocity in children <i>J.E. Leon, B. Bissonnette</i>	974	Symposium Report	
Alfentanil infusion for sedation in infants and small children during cardiac catheterization <i>P. Rautiainen</i>	980	Critical incidents in anaesthesia: medico-legal and other aspects <i>J.M. Davies, R.B. Lee, J.B. Cooper, J.N. Armstrong, R.W. McIntyre</i>	1028
Evaluation of oxygen saturation monitoring by pulse oximetry in neonates in the delivery system <i>I. Dimich, P.P. Singh, A. Adell, M. Hendler, N. Sonnenklar, M. Jhaveri</i>	985	<hr/>	
Large tidal volume ventilation improves pulmonary gas exchange during lower abdominal surgery in Trendelenburg's position <i>W.A. Tweed, W.T. Phua, K.Y. Chong, E. Lim, T.L. Lee</i>	989	Laboratory Investigation	
		Epinephrine-aminophylline-induced arrhythmias after midazolam or thiopentone in halothane-anaesthetized dogs <i>A.A. Lina, P.J. Dauchot, A.H. Anton</i>	1037

Clinical Reports

- Anaesthesia for Treacher Collins syndrome
 using a laryngeal mask airway
T. Ebata, S. Nishiki, A. Masuda, K. Amaha **1043**
- Anaesthetic management of Miller's syndrome
*G.W. Stevenson, S.C. Hall, B.S. Bauer,
 F.A. Vacari, F.L. Seleny* **1046**
- Role of two-dimensional transoesophageal
 echo-cardiography in the management of a right
 ventricular tumour
S. Lebovic, R. Koorn, D.L. Reich **1050**

Continuing Medical Education

- Clinical application of cardiac risk indexes:
 how to avoid misleading numbers
J.-Y. Dupuis, H.J. Nathan, J.E. Wynands **1055**

Equipment

- Successful use of a Fortec II vaporizer in the MRI
 suite: a case report with observations regarding
 magnetic field-induced vaporizer aberrancy
J. Kross, J.C. Drummond **1065**

Obituary **1070**

Correspondence

- Flexible Cystofibrescope for difficult intubation
V. Malhotra **1071**
- Pharyngeal foreign body
J.C. Dort **1071**
- Relationship between PaCO₂-PETCO₂ gradient and
 physiological dead space
K.B. Shankar, H. Moseley, Y. Kumar **1072**
- Reply
D.W. Withington, J.G. Ramsay **1073**

Errata **1074**

Book Reviews

- Raised Intracranial Pressure. *Brian North and
 Peter Reilly*
 REVIEWER: D.P. Archer **1076**
- Anaesthesia and Intensive Care Practical
 Procedures. *Neil Soni*
 REVIEWER: J.R. Hewson **1076**
-
- Index – 1991 **1077**
