

Contents

Editorial

- Monitoring the brain during cardiac surgery in children / Le monitoring cérébral pendant la chirurgie cardiaque chez l'enfant
W.J. Greeley, F.H. Kern, J. Meliones, R.M. Ungerleider 291

Reports of Investigation

- Cerebral blood flow velocity patterns during cardiac surgery utilizing profound hypothermia with low-flow cardiopulmonary bypass or circulatory arrest in neonates and infants
F.A. Burrows, B. Bissonnette 298
- A comparison of epidural tramadol and epidural morphine for postoperative analgesia
A. Baraka, S. Jabbour, M. Ghabash, A. Nader, G. Khoury, A. Sibai 308
- Epidural anaesthesia and analgesia do not affect energy expenditure after major abdominal surgery
J.M. Watters, R.J. March, D. Desai, K. Monteith, J.B. Hurtig 314
- Aortocaval compression in the sitting and lateral decubitus positions during extradural catheter placement in the parturient
P.J.D. Andrews, W.E. Ackerman, M.M. Juneja 320
- Perioperative gastric aspiration increases post-operative nausea and vomiting in outpatients
C.A. Trépanier, L. Isabel 325
- Nifedipine attenuates the hypertensive response to tracheal intubation in pregnancy-induced hypertension
N. Kumar, Y.K. Batra, I. Bala, S. Gopalan 329
- Histamine release during paediatric cardiopulmonary bypass
D.E. Withington, W.K. Man, M.J. Elliott 334

Obstetric Forum

- Spinal subdural haematoma in a parturient after attempted epidural anaesthesia
T.T. Lao, S.H. Halpern, D. MacDonald, C. Huh 340

Anaesthesia Practice

- The obstetrical anaesthesia assessment clinic: a review of six years experience
O.P. Rosaeg, R.W. Yarnell, M.P. Lindsay 346

Clinical Reports

- Troubles du rythme cardiaque graves après phénolesisation splanchnique peropératoire
J.-H. Gaudy, C. Tricot, A. Sezeur 357
- The laryngeal mask airway and prolonged balanced regional anaesthesia
J. Brimacombe, N. Shorney 360

Harold Griffith Memorial Lecture

- The Griffith legacy
K. Sykes 365

Equipment

- Liquid crystal skin thermometry: an accurate reflection of core temperature?
S.J. Brull, A.J. Cunningham, N.R. Connelly, T.Z. O'Connor, D.G. Silverman 375
- Delivery of constant air-oxygen mixtures using a closed circle absorber system
T.W.K. Lew, W.M. San, M.K. Chin 382
- Assessment of the arterial tonometer (N-CAT) for the continuous blood pressure measurement in rapid atrial fibrillation
N.R. Searle, J. Perrault, H. Ste-Marie, C. Dupont 388

Correspondence

- The role of the LMA
J. Brimacombe, N. Shorney 394
- Reply
J.A. Fisher, C. Ananthanarayan, G. Edelist 394
- LMA and respiratory arrest after anterior
 cervical fusion
J.J. Lee, K. Yau, J. Barcroft 395
- Rubber and plastic endotracheal tube cuffs are
 highly vulnerable to the CO₂ laser
M. Sosis 396
- Exposure to N₂O
*P.F. Fancourt-Smith, P. Kapnoudhis,
 S.C. Brand* 396
