

Contents

Editorial

- The maintenance of competence programme (MOCOMP) / Le programme du maintien de la compétence
A.J.M. Clark, G.A. Doig 477

Reports of Investigation

- Continuing medical education practices of community-based and university-affiliated anaesthetists in Ontario
F.A. Burrows, D.W. Fear 480
- A clinical assessment of desflurane anaesthesia and comparison with isoflurane
C. Lee, W.-F. Kwan, S.K. Tsai, B.-J. Chen, M. Cheng 487
- Amrinone, in combination with norepinephrine, is an effective first-line drug for difficult separation from cardiopulmonary bypass
J.-F. Hardy, N. Searle, M. Roy, J. Perrault 495
- Assessment of double-burst monitoring at 10 mA above threshold current
D.G. Silverman, S.J. Brull 502

Clinical Reports

- Obstetrical analgesia in a parturient with antithrombin III deficiency
C.L. Pattee, D.H. Penning 507
- Bradycardia during cold ocular irrigation under general anaesthesia: an example of the diving reflex
G.A. Arndt, M.C. Stock 511
- Blunt cardiac injury and intraoperative hypoxaemia
G. Kantor, J.H. Devitt 515

- Anaesthetic implications of cystinosis
J.D. Tobias 518

- L'utilisation du sulfate de magnésium pendant la chirurgie du phéochromocytome: à propos de deux cas
P. Drolet, M. Girard 521

- Anaesthesia for cervical laminectomy in a patient with total anomalous pulmonary venous connection
S.N. Mohite, V.M. Divekar 526

- Plasma cholinesterase deficiency in a neonate
C.A. Pasquariello, R.E. Schwartz 529

Anaesthetic Techniques

- Epidural morphine reduces the risk of post-operative myocardial ischaemia in patients with cardiac risk factors
W.S. Beattie, D.N. Buckley, J.B. Forrest 532
- Transarterial approach for saphenous nerve block
M. van der Wal, S.A. Lang, R.W. Yip 542
- A modified retrobulbar block for eye surgery
D.H.W. Wong, E. Koehrer, H.F. Sutton, P. Merrick 547

Anaesthesia Equipment

- A mass balance model for the Mapleson D anaesthesia breathing system
M.A. Lovich, B.A. Simon, J.G. Venegas, N. Sims, J.B. Cooper 554

Occasional Review

- Postoperative pain management and acute pain service activity in Canada
D.L. Zimmermann, J. Stewart 568
