

Contents

Editorials

- Are "clean" muscle relaxants better? / Les myorelaxants « propres » sont-ils meilleurs?
I.R. Thomson **459**

- Succinylcholine / Succinylcholine
D.R. Bevan **465**

Reports of Investigation

- A comparison of pipecuronium with pancuronium on haemodynamic variables and plasma catecholamines in coronary artery bypass patients
P.P. Neidhart, P. Champion, J. Vogel, E.K. Zsigmond, E. Tassonyi **469**

- The incidence of masseter muscle rigidity after succinylcholine in infants and children
V.A. Lazzell, A.S. Carr, J. Lerman, F.A. Burrows, R.E. Creighton **475**

- Anatomy of the posterior approach to the lumbar plexis block
J. Farny, P. Drolet, M. Girard **480**

- Posterior approach to the lumbar plexis combined with a sciatic nerve block using lidocaine
J. Farny, M. Girard, P. Drolet **486**

Brief Review

- Pain management for children following selective dorsal rhizotomy
J.M. Geiduschek, C.M. Haberkern, J.F. McLaughlin, L.E. Jacobson, R.M. Hays, T.S. Roberts **492**

Clinical Reports

- Succinylcholine-induced cardiac arrest in children with undiagnosed myopathy
M. Sullivan, W.K. Thompson, G.D. Hill **497**

- Pulmonary hypertension and pregnancy: a series of eight cases
K.G. Smedstad, R. Cramb, D.H. Morison **502**

- Sudden death after central venous cannulation
N.F. Quiney **513**

- Caesarean section in a diabetic patient with a recent myocardial infarction
J. Spencer, F. Gadalla, W. Wagner, J. Blake **516**

- Congenital methaemoglobinaemia detected by preoperative pulse oximetry
D.G. Chisholm, H. Stuart **519**

Clinical Anaesthesia File

- Anaesthetic management of an asthmatic child for appendicectomy
 PRESENTED BY: *B. Kuwahara*
 DISCUSSED BY: *G.V. Goresky* **523**

Continuing Medical Education

- The prevention of postoperative pain
C.A. Moote **527**

Laboratory Investigations

- Contractile force and resting tension in the presence of halothane and increased extracellular potassium or decreased extracellular pH in isolated guinea pig atria
S. Oshita, Y. Fujiwara, H. Tamura, T. Sakabe, H. Takeshita **534**

- Arrhythmogenic potential of dopexamine hydrochloride during halothane anaesthesia in dogs
S.M. Neustein, I. Dimich, I. Sampson, A. Sadeghi, C. Mezrow, H. Shiang **542**

History of Canadian Anaesthesia

- David Campbell Aikenhead (1891–1973)
D.A.E. Shephard 547
