

Editorials

- Anaesthetic care and audit: 150 years on / L'audit et l'anesthésie : déjà 150 ans
J.M. Davies 323

- Optimal labour analgesia 1996 / La meilleure analgésie obstétricale en 1996
T.W. Breen 327

Reports of Investigation

- Planned and unplanned postoperative admissions to critical care for mechanical ventilation
D.K. Rose, R.J. Byrick, M.M. Cohen, G.M. Caskennette 333

- Epidural analgesia for labour and delivery: fentanyl or sufentanil?
S. Cohen, D. Amar, C.B. Pantuck, E.J. Pantuck, E.J. Goodman, D.H.Y. Leung 341

- Haemodynamic consequences and uterine contractions following 0.5 or 1.0 litre crystalloid infusion before obstetric epidural analgesia
J.E. Zamora, O.P. Rosaeg, M.P. Lindsay, M.L. Crossan 347

- Continuous infusion of rocuronium in a paediatric intensive care unit
J.D. Tobias 353

- Early neuromuscular recovery characteristics following administration of mivacurium plus vecuronium
R.G. Stout, S.J. Brull, D. Kelly, D.G. Silverman 358

- Recovery of post-tetanic and train-of-four responses at the first dorsal interosseous and adductor pollicis muscles in patients receiving vecuronium
Y. Saitoh, H. Tanaka, H. Toyooka, K. Amaha 362

- Effets de différentes doses d'édrophonium sur la neutralisation du bloc neuromusculaire induit par le mivacurium en présence de N₂O, de propofol et d'alfentanil
J. Ripart, P. Drolet, L. Perreault, M. Girard 368

- Neostigmine decreases heart rate in heart transplant patients
S.B. Backman, G.S. Fox, R.D. Stein, F.E. Ralley 373

- Intrathecal ketamine reduces morphine requirements in patients with terminal cancer pain
C.-Y. Yang, C.-S. Wong, J.-Y. Chang, S.-T. Ho 379

Review Article

- Alcalinisation des anesthésiques locaux: théoriquement justifiée mais inutile cliniquement
D. Chassard, K. Berrada, P. Boulétreau 384

Clinical Reports

- Neostigmine-induced bradycardia following recent vs remote cardiac transplantation in the same patient
S.B. Backman, R.D. Stein, F.E. Ralley, G.S. Fox 394

- Meningitis following a combined spinal-epidural technique in a labouring term parturient
M. Cascio, G. Heath 399

- Anaesthetic management of labour and delivery in the parturient with mitochondrial myopathy
O.P. Rosaeg, S. Morrison, J.P. MacLeod 403

Laboratory Investigation

- Antinociceptive effects of epidural and intravenous ketamine to somatic and visceral stimuli in rats
S. Alam, Y. Saito, Y. Kosaka 408

Laboratory Report

Cricoid pressure decreases lower oesophageal
 sphincter tone in anaesthetized pigs
D. Chassard, J.P. Tournadre, K.R. Berrada,
P. Boulétreau
