

Editorial

- Ischaemia-reperfusion: time to increase our awareness during anaesthesia/L'ischémie-reperfusion : c'est le temps d'accroître notre vigilance durant l'anesthésie
D.M. Ansley 195

Reports of Investigation

- Closure of persistently patent arterial duct and its impact on cerebral circulatory haemodynamics in children
B. Bissonnette, L.N. Benson 199
- Gas leak and gastric insufflation during controlled ventilation: face mask *versus* laryngeal mask airway
L.M. Ho-Tai, J.H. Devitt, A.G. Noel, M.P. O'Donnell 206
- Potency and hourly maintenance requirement of combinations of mivacurium and pancuronium in adults
P. Rautoma, O. Erkola, O.A. Meretoja 212
- Analgesia in day case breast biopsy – the value of pre-emptive tenoxicam
S.T. Colbert, D.M. O'Hanlon, C. McDonnell, F.H. Given, P.W. Keane 217

Clinical Report

- SIADH following laparoscopic cholecystectomy
B.M. Cornforth 223

Laboratory Reports

- Superoxide radical generation and histopathological changes in hippocampal CA1 after ischaemia/reperfusion in gerbils
S. Yamaguchi, H. Ogata, S. Hamaguchi, T. Kitajima 226

- Propofol enhances red cell antioxidant capacity in swine and humans
D.M. Ansley, J.-u. Lee, D.V. Godin, M.E. Garnett, A.K. Qayumi 233

- Suppressive actions of volatile anaesthetics on the response capability in cats
K. Tsushima, K. Shingu, S. Ikeda, H. Kimura, K. Yamada, K. Murao 240

- Dantrolene inhibits nitric oxide synthase in rat alveolar macrophages treated with lipopolysaccharide and interferon- γ
C.-Y. Li, T.-C. Chou, C.-C. Wu, C.-S. Wong, S.-T. Ho, M.-H. Yen, Y.-A. Ding 246

Equipment Reports

- Fastrach – a new intubating laryngeal mask airway: successful use in patients with difficult airways
H. Joo, K. Rose 253
- Intubation via the LMA using a Cook retrograde intubation kit
G.A. Arndt, J. Topp, J. Hannah, T.S. McDowell, A. Lesko 257
- Triggering delay time and work of breathing in three paediatric patient-triggered ventilators
Y. Nakae, M. Yamakage, D. Horikawa, M. Aimono, K. Tamiya, A. Namiki 261

Preliminary Report

- Emergency tracheal intubation of patients lying supine on the ground: influence of operator body position
F. Adnet, R.K. Cydulka, C. Lapandry 266

Intrapleural placement of a nasogastric tube
E. Carrillo, J. Muoz, J.A. Tortosa 284

A practical tracheal tube tie
R. Alexander, D. Gleason 285

Book Reviews

Patient Safety in Anesthetic Practice
